

Dear parents and carers,

Please take time to share our curriculum letter with your household and enjoy a chance to see what your child/ children will be doing at school this term. Children will need PE kits in school for PE sessions and interhouse lunchtimes sports, so it is recommended that children bring their kits to school on Monday and leave at school until the end of the week.

<p>In English we shall be sharing the text Breaker all about a pair of children who have a mission to complete involving an oil spill and a very strange professor. We shall create a news report, narrative dialogue, and persuasive texts.</p> 	<p>In Maths we shall be exploring decimal numbers, place value, shapes and angles, and patterns in numbers. TT Rockstars and Numbots are encouraged at home and school to reinforce number fact knowledge and quick recall.</p> 	<p>In Spelling we shall continue to work on our Ed Shed spellings with a range of games and activities each week linked to the set spellings for your child's group. At home use of the games is on the class's homework to support the "little but often" approach to the learning of key words and spelling rules.</p> 
<p>In Science we shall be investigating how our body works with a focus on circulation and the heart. We shall find out all about blood and what keeps our bodies healthy.</p> 		<p>In Humanities we shall be finding out about our role as caretakers of the Earth with a focus on the damage caused to nature by mankind and how we are trying to solve these problems as well as researching different areas of the world.</p> 
<p>PE sessions will remain on Tuesdays for all pupils and Thursdays for year 5. Children will need to arrive at school in school uniform on those days with their school PE kit in a bag for use during the day. Please ensure all items are clearly labelled and appropriate for the school PE kit. We also have interhouse competitions on Thursday during lunchtime for children.</p>	<p>In Spanish we shall be learning about how to ask people about how they spent their weekend and how to answer the question in a range of ways.</p> 	<p>In RE we shall be investigating if the Qu'ran is vital for Muslims today.</p> <p>In PSHE we shall be celebrating differences and finding out what makes us all such amazing human beings.</p> 

We have a busy and fun filled term full of activities and learning experiences. **Year 6** will be taking part in national SATs week **the week beginning 14th May and will need to be in school everyday of that week** to ensure they participate in each assessment on the correct day. This is set by the government. All children in Sharks will be enjoying a reward session at the end of that week for all their hard work.

Thank you in appreciation of your support of your child and the school.
K Harrison (class teacher/ base leader)
