Statement of intent

Fishtoft Academy is committed to safeguarding and promoting the welfare, both physical and emotional, of every pupil both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance.

It will be achieved by:

- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to abuse.
- Ensuring that members of the governing board, the headteacher and staff members understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse and know to refer concerns to the DSL.
- Ensuring that the headteacher and any new staff members and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

The DSL is: Jo Bland. In the absence of the DSL, child protection matters will be dealt with by Kate Harrison.

The Trust Safeguarding Lead is : Dina Nicholson

1. Definitions

- 1.1 The terms “**children**” and “**child**” refer to anyone under the age of 18.
- 1.2 For the purposes of this policy, “safeguarding and protecting the welfare of children” is defined as:

 - Preventing the impairment of children’s mental and physical health or development.
 - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all children to have the best outcomes.
- 1.3 For the purposes of this policy, the term “**harmful sexual behaviour**” includes, but is not limited to, the following actions:
- Using sexually explicit words and phrases
 - Inappropriate touching
 - Sexual violence or threats
 - Full penetrative sex with other children or adults
- 1.4 In accordance with the DfE’s guidance, ‘Sexual violence and sexual harassment between children in schools and colleges’ (2018), and for the purposes of this policy, the term “**sexual harassment**” is used within this policy to describe any unwanted conduct of a sexual nature, both online or offline, which violates a child’s dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment.
- 1.5 For the purpose of this policy, the term “**sexual violence**” encompasses the definitions provided in the Sexual Offences Act 2003, including those pertaining to rape, assault by penetration and sexual assault.
- 1.6 For the purposes of this policy, “**upskirting**” refers to the act of taking a picture or video under another person’s clothing, without their knowledge or consent, with the intention of viewing that person’s genitals or buttocks (with or without clothing). Despite the name, anyone (including both pupils and teachers), and any gender, can be a victim of upskirting.
- 1.7 The term “**teaching role**” is defined as planning and preparing lessons and courses for pupils; delivering lessons to pupils; assessing the development, progress and attainment of pupils; and reporting on the development, progress and attainment of pupils. These activities are not teaching work if the person carrying out the activity does so (other than for the purposes of induction) subject to the direction and supervision of a qualified teacher or other person nominated by the headteacher to provide such direction and supervision.

3.4 The designated teacher has a responsibility for promoting the educational achievement of LAC and previously LAC, and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. (See also: Boston Witham Academy's LAC Policy)

3.5 Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play. School staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating. In order to fulfil this effectively, practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

3.6 Other staff members have a responsibility to:

- Safeguard pupils' wellbeing and maintain public trust in the teaching profession as part of their professional duties.
- Any staff member who has a concern about a child's welfare must follow the schools Welfare Pathway
- Provide a safe environment in which pupils can learn.

- Be aware of, and understand, the process for making referrals to CSC, as well as for making statutory assessments under the Children Act 1989 and their role in these assessments.
- Be confident of the processing conditions under relevant data protection legislation, including information which is sensitive and personal, and information that should be treated as special category data.
- Make a referral to CSC and/or the police immediately, if at any point there is a risk of immediate serious harm to a child.
- Be aware of and understand the procedure to follow in the event that a child confides they are being abused or neglected.
- Support social workers in making decisions about individual children, in collaboration with the DSL.
- Maintain appropriate levels of confidentiality when dealing with individual cases, and always act in the best interest of the child.
- Follow the school's procedure for, and approach to, preventing radicalisation as outlined in the Extremism and Anti-Radicalisation Policy.
- Challenge senior leaders over any safeguarding concerns, where necessary.

4. Inter-agency working

4.1 Schools and colleges have a pivotal role to play in multi-agency safeguarding arrangements. Governing bodies and proprietors should ensure that the school or college contributes to multi-agency working in line with statutory guidance [Working Together to Safeguard Children](#).

4.2 New safeguarding partners and child death review partner arrangements are now in place. Locally, the three safeguarding partners (the local authority; a clinical commissioning group for an area within the local authority; and the chief officer of police for an area (any part of which falls) within the local authority area) will make arrangements to work together with appropriate relevant agencies to safeguard and promote the welfare of local children, including identifying and responding to their needs.

4.3 It is especially important that schools and colleges understand their role in the three safeguarding partner arrangements. Governing bodies, proprietors and their senior leadership teams, especially their designated safeguarding leads, should make themselves aware of and follow their local arrangements.

4.4 The three safeguarding partners have a shared and equal duty to work together to safeguard and promote the welfare of children. To fulfil this role they must set out how they will work together and with any relevant agencies.¹ Relevant agencies are those

organisations and agencies whose involvement that the three safeguarding partners consider may be required to safeguard and promote the welfare of children with regard to local need. The three safeguarding partners will have set out in their published arrangements which organisations and agencies they will be working with and the expectations placed on any agencies and organisations by the arrangements.

4.5 The three safeguarding partners should make arrangements to allow all schools (including those in multi-academy trusts) and colleges in the local area to be fully engaged, involved and included in safeguarding arrangements. It is expected that, locally, the three safeguarding partners will name schools and colleges as relevant agencies and will reach their own conclusions on the best way to achieve the active engagement with individual institutions in a meaningful way.

4.6 If named as a relevant agency, schools and colleges, in the same way as other relevant agencies, are under a statutory duty to co-operate with the published arrangements.

4.7 Governing bodies and proprietors should understand the local criteria for action² and the local protocol for assessment³ and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the three safeguarding partners.²⁵

4.8 Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. All schools and colleges should allow access for children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

Information sharing

4.9 Information sharing is vital in identifying and tackling all forms of abuse and neglect. As part of meeting a child's needs, it is important for governing bodies and proprietors to recognise the importance of information sharing between practitioners and local agencies. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information within the school or college and with the three safeguarding partners, other organisations, agencies and practitioners as required. School and college staff should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children,

whether this is when problems are first emerging, or where a child is already known to the local authority children's social care.

4.10 It is important that governing bodies and proprietors are aware that among other obligations, the Data Protection Act 2018 and the GDPR place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.

4.10 Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR. This includes:

*being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data'.

* understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner but it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

*for schools, not providing pupils' personal data where the serious harm test under the legislation is met⁴. For example, in a situation where a child is in a refuge or another form of emergency accommodation, and the serious harms test is met, they must withhold providing the data in compliance with schools' obligations under the Data Protection Act 2018 and the GDPR. Where in doubt schools should seek independent legal advice.

4.11 The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

4.12 Further details on information sharing can be found:

- in Chapter one of [Working Together to Safeguard Children](#), which includes a myth-busting guide to information sharing
- at [Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers](#). The seven golden rules for sharing information will be especially useful
- at [The Information Commissioner's Office \(ICO\)](#), which includes ICO GDPR FAQs and guidance from the department
- in [Data protection: toolkit for schools](#) - Guidance to support schools with data protection activity, including compliance with the GDPR.

- 4.13 Where children leave the school or college, the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained. For schools, this should be transferred separately from the main pupil file. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in a college, are aware as required.
- 4.14 In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

5. Abuse and neglect

- 5.1 Knowing what to look for is vital to the early identification of abuse and neglect. All members of staff will be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be given a specific label and multiple issues often overlap one another.
- 5.2 All staff members will be aware of the indicators of abuse and the appropriate action to take following a pupil being identified as at potential risk of abuse or neglect.
- 5.3 When identifying pupils at risk of potential harm, staff members will look out for a number of indicators including, but not limited to, the following:
- Injuries in unusual places, such as bite marks on the neck, that are also inconsistent with their age
 - Lack of concentration and acting withdrawn
 - Knowledge ahead of their age, e.g. sexual knowledge.
 - Use of explicit language
 - Fear of abandonment
 - Depression and low self-esteem
- 5.4 All members of staff will be aware of the indicators of peer-on-peer abuse, such as those in relation to bullying, gender-based violence, sexual assaults and sexting.
- 5.5 All staff will be aware of the necessary procedures to follow to prevent peer-on-peer abuse, as outlined in [section 28](#) of this policy.
- 5.6 All staff will be aware of the behaviours linked to drug taking, alcohol abuse, truancy and sexting, and will understand that these put pupils in danger.
- 5.7 Staff members will be aware of the effects of a pupil witnessing an incident of abuse, such as witnessing domestic violence at home.

6. Types of abuse and neglect

- 6.1 **Abuse:** A form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or, more rarely, by others, e.g. via the internet.

- 6.2 **Physical abuse:** A form of abuse which may involve actions such as hitting, throwing, burning, drowning and poisoning, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.
- 6.3 **Emotional abuse:** A form of abuse which involves the emotional maltreatment of a child to cause severe and adverse effects on the child's emotional development. This may involve telling a child they are worthless, unloved, inadequate, not giving them the opportunities to express their views, deliberately silencing them, or often making them feel as though they are in danger.
- 6.4 **Sexual abuse:** A form of abuse which involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, and whether or not the child is aware of what is happening. This may involve physical assault, such as penetrative assault and touching, or non-penetrative actions, such as looking at sexual images or encouraging children to behave in inappropriate ways.
- 6.5 **Neglect:** A form of abuse which involves the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve providing inadequate food, clothing or shelter, or the inability to protect a child from physical or emotional harm or ensure access to appropriate medical treatment.

7. So Called "honour based" abuse (inc FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Actions

If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there

has been a mandatory reporting duty placed on **teachers**⁵ that requires a different approach (see following section).

8. FGM

- 8.1 For the purpose of this policy, FGM is defined as the partial or total removal of the external female genitalia, or any other injury to the female genital organs.
- 8.2 FGM is considered a form of abuse in the UK and is illegal.
- 8.3 All staff will be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. If staff members are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with social care and/or the police.
- 8.4 Teaching staff are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a girl under the age of 18. Teachers failing to report such cases will face disciplinary action.
- NB.** The above does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.
- 8.5 There are a range of potential indicators that a pupil may be at risk of FGM. While individually they may not indicate risk, if two or more indicators are present, this could signal a risk to the pupil.
- 8.6 Victims of FGM are most likely to come from communities that are known to adopt this practice. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.
- 8.7 Indicators that may show a heightened risk of FGM include the following:
- The socio-economic position of the family and their level of integration into UK society
 - Any girl with a mother or sister who has been subjected to FGM
 - Any girl withdrawn from PSHE
- 8.8 Indicators that may show FGM could take place soon include the following:
- When a female family elder is visiting from a country of origin
 - A girl may confide that she is to have a 'special procedure' or a ceremony to 'become a woman'
 - A girl may request help from a teacher if she is aware or suspects that she is at immediate risk
 - A girl, or her family member, may talk about a long holiday to her country of origin or another country where the practice is prevalent

⁵ Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

- 8.9 Staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin.
- 8.10 Indicators that FGM may have already taken place include the following:
- Difficulty walking, sitting or standing
 - Spending longer than normal in the bathroom or toilet
 - Spending long periods of time away from a classroom during the day with bladder or menstrual problems
 - Prolonged or repeated absences from school followed by withdrawal or depression
 - Reluctance to undergo normal medical examinations
 - Asking for help, but not being explicit about the problem due to embarrassment or fear
- 8.11 Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they will report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSC as appropriate.
- 8.12 FGM is also included in the definition of 'honour-based' violence (HBV), which involves crimes that have been committed to defend the honour of the family and/or community, alongside forced marriage and breast ironing.
- 8.13 All forms of HBV are forms of abuse and will be treated and escalated as such.
- 8.14 Staff will be alert to the signs of HBV, including concerns that a child is at risk of HBV, or has already suffered from HBV, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

9. Forced marriage

- 9.1 For the purpose of this policy, a **“forced marriage”** is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Forced marriage is classed as a crime in the UK.
- 9.2 As part of HBV, staff will be alert to the signs of forced marriage including, but not limited to, the following:
- Becoming anxious, depressed and emotionally withdrawn with low self-esteem
 - Showing signs of mental health disorders and behaviours such as self-harm or anorexia
 - Displaying a sudden decline in their educational performance, aspirations or motivation
 - Regularly being absent from school
 - Displaying a decline in punctuality
 - An obvious family history of older siblings leaving education early and marrying early

- 9.3 If staff members have any concerns regarding a child who may have undergone, is currently undergoing, or is at risk of, forced marriage, they will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSC, the police or the Forced Marriage Unit.

10. Child Sexual Exploitation (CSE) and Child Criminal Exploitation

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or as a group, males or females, and children and adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place on line.

Child Exploitation Screening Tool Replaces CSE Risk Assessment

Completed by professionals if they have concerns that a child is at risk or experiencing child sexual or criminal exploitation.

This Should be completed with the child/ young person- if this is not possible, professional should complete with known concerns.

11. Child sexual exploitation (CSE)

- 11.1 For the purpose of this policy, “**child sexual exploitation**” is defined as: a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person into sexual activity, for either, or both, of the following reasons:
- In exchange for something the victim needs or wants
 - For the financial advantage or increased status of the perpetrator or facilitator
- 11.2 CSE does not always involve physical contact, as it can also occur online. It is also important to note that a child can be sexually exploited even if the sexual activity appears consensual.
- 11.3 The school has adopted the following procedure for handling cases of CSE, as outlined by the DfE:

Identifying cases

11.4 School staff members are aware of and look for the key indicators of CSE; these are as follows:

- Going missing for periods of time or regularly going home late
- Regularly missing lessons
- Appearing with unexplained gifts and new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Undergoing mood swings or drastic changes in emotional wellbeing
- Displaying inappropriate sexualised behaviour
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying changes in emotional wellbeing
- Misusing drugs or alcohol

Referring cases

11.5 Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern still remains, local safeguarding procedures will be triggered, including referral to the LA.

Support

11.6 The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

12. County lines criminal activity

12.1 For the purpose of this policy, “**County lines criminal activity**” refers to drug networks or gangs grooming and exploiting children to carry drugs and money from urban areas to suburban areas, rural areas and market and seaside towns.

12.2 Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs.

12.3 Staff members who suspect a pupil may be vulnerable to, or involved in, this activity will immediately report all concerns to the DSL.

12.4 The DSL will consider referral to the National Referral Mechanism on a case-by-case basis.

12.5 Indicators that a pupil may be involved in county lines active include the following:

- Persistently going missing or being found out of their usual area
- Unexplained acquisition of money, clothes or mobile phones
- Excessive receipt of texts or phone calls
- Relationships with controlling or older individuals or groups
- Leaving home without explanation
- Evidence of physical injury or assault that cannot be explained
- Carrying weapons
- Sudden decline in school results
- Becoming isolated from peers or social networks
- Self-harm or significant changes in mental state
- Parental reports of concern

13. Domestic Abuse

The cross government definition of domestic violence and abuse is : any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological, physical, sexual, financial and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious. Long lasting emotional and psychological impact on children. In some cases a child may blame themselves for their abuse or may have had to leave the family home as a result.

Operation Encompass: this operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (the DSL) in school before the child/ren arrive at school the next day. This ensures that the school has up to date and relevant information about the child's circumstances and can enable support to be given to the child according to their needs. Police forces signed up to operation encompass will have their own arrangements in place.

What happens:

- A police officer attending a domestic abuse incident will record, at the scene, the names and school of any children in the household.
- This will result in an email notification to your school's DSL/Deputy DSL/. The email will contain very brief details ie name of child, date and time of incident and whether the child was present. No other details are included. If parents/carers choose not to share information of where their child attends school with the attending police officer, then details of the child are sent to MARAC Co-ordinator who will identify which school the child attends. As a result this sometimes delays the issue of a notification to us.
- From this you should share information that can help a child's teacher/TA offer appropriate support. REMEMBER = share as much as is necessary, but as little as possible. Staff should be made aware of the confidential nature of any information passed to them. DO NOT discuss any incidents with parents/carers/children unless they choose to speak with you (this should be recorded on MyConcern). Ideally, one to one time should be offered to provide opportunities for children to talk to staff eg helping with a job etc, but if a child chooses not to discuss with you, then do not pursue this any further. Staff should be mindful that the result of domestic abuse incidents can be that homework is not completed, correct uniform hasn't been available, that a child may be tired, withdrawn, frightened which can result in challenging behaviour.

What you need to do:

- Update your school's website/prospectus with the Operation Encompass logo (attached).
- Display posters around your school's reception area
- Send a letter home to all parents/carers

- Inform your school's governing body and in particular your safeguarding governor so that he/she has a working knowledge of Operation Encompass.
- Inform all of your school's staff about your school's participation in Operation Encompass.
- Complete the Key Adult training <https://www.operationencompass.org/operation-encompass-on-line-key-adult-briefing>. Please note that the key adult training on this website makes reference to schools receiving a telephone call from police, this is not practice within the Lincolnshire police force, we will only be receiving notifications via email.

14. Mental Health

- 14.1 All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- 14.2 Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day to day and identify those whose behaviour suggests that they may be experiencing a mental health problem or at risk of developing one
- 14.3 where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescences and into adulthood. It is key that staff are aware of how these children's experiences can impact on their mental health, behaviour and education.
- 14.4 If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken following this policy and Welfare Pathway, including speaking to the DSL

8.5 The department has published advice and guidance on [Preventing and Tackling Bullying, and Mental Health and Behaviour in Schools](#). In addition, Public Health England has produced

a range of resources to support secondary school teachers to promote positive health, well being and resilience among young people. Its resources include social media, forming positive relationships, smoking and alcohol.

15. Homelessness

- 15.1 The DSL and deputy(s) will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.
- 15.2 Indicators that a family may be at risk of homelessness include the following:
- Household debt
 - Rent arrears
 - Domestic abuse
 - Anti-social behaviour
 - Any mention of a family moving home because “they have to”
- 15.3 Referrals to the Local Housing Authority do not replace referrals to CSC where a child is being harmed or at risk of harm.
- 15.4 For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSC will be made as necessary where concerns are raised.

16. Serious violence

- 16.1 Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to, the following:
- Increased absence from school
 - A change in friendships
 - New relationships with older individuals or groups
 - A significant decline in academic performance
 - Signs of self-harm
 - A significant change in wellbeing
 - Signs of assault
 - Unexplained injuries
 - Unexplained gifts or new possessions
- 16.2 Staff will be made aware of some of the most significant risk factors that could increase a pupil’s vulnerability to becoming involved in serious violent crime. These risk factors include, but are not limited to, the following:
- A history of committing offences
 - Substance abuse
 - Anti-social behaviour
 - Truancy
 - Peers involved in crime and/or anti-social behaviour

16.3 Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

17. Pupils with family members in prison

17.1 Pupils with a family member in prison will be offered pastoral support as necessary.

17.2 They will receive a copy of [‘Are you a young person with a family member in prison’](#) from Action for Prisoners’ Families where appropriate and allowed the opportunity to discuss questions and concerns.

18. Pupils required to give evidence in court

18.1 Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

18.2 Pupils will also be provided with the booklet [‘Going to Court’](#) from HM Courts and Tribunals Service (HMCTS) where appropriate and allowed the opportunity to discuss questions and concerns.

19. Contextual safeguarding

19.1 Safeguarding incidents can occur outside of school and can be associated with outside factors. School staff, particularly the DSL and their deputy(s), will always consider the context of incidents – this is known as contextual safeguarding.

19.2 Assessment of pupils’ behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare.

19.3 The school will provide as much contextual information as possible when making referrals to CSC.

20. Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools’ or colleges’ safeguarding approach.

- **Extremism**⁶ is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
 - **Radicalisation**⁷ refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
 - **Terrorism**⁸ is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat **must** be designed to
-

influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

- 20.1 The school will actively assess the risk of pupils being drawn into terrorism.
- 20.2 The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms.
- 20.3 Any concerns over radicalisation will be discussed with a child's parents, unless the school has reason to believe that the child would be placed at risk as a result.

Training

- 20.4 The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect children against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

The Prevent Duty

All schools and colleges are subject to a duty under section 26 of the CounterTerrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard⁹ to the need to prevent people from being drawn into terrorism".¹⁰ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies.

There is additional guidance: [Prevent duty guidance: for further education institutions](#) in England and Wales that applies to colleges.

Risk indicators of vulnerable pupils

20.5 Indicators of an identity crisis include the following:

- Distancing themselves from their cultural/religious heritage
- Uncomfortable with their place in society

20.6 Indicators of a personal crisis include the following:

- Family tensions
- A sense of isolation
- Low self-esteem
- Disassociation from existing friendship groups
- Searching for answers to questions about identity, faith and belonging

20.7 Indicators of vulnerability through personal circumstances includes the following:

- Migration
- Local community tensions
- Events affecting their country or region of origin
- Alienation from UK values
- A sense of grievance triggered by personal experience of racism or discrimination

20.8 Indicators of vulnerability through unmet aspirations include the following:

- Perceptions of injustice
- Feelings of failure
- Rejection of civic life
- Indicators of vulnerability through criminality:
- Experiences of dealing with the police
- Involvement with criminal groups

Making a judgement

20.9 When making a judgement, staff will ask themselves the following questions:

- Does the pupil have access to extremist influences?
- Does the pupil access the internet for the purposes of extremist activities (e.g. using closed network groups, accessing or distributing extremist material, contacting such groups covertly using Skype)?

- Is there a reason to believe that the pupil has been, or is likely to be, involved with extremist organisations?
- Is the pupil known to have possessed, or be actively seeking, extremist literature/other media likely to incite racial or religious hatred?
- Does the pupil sympathise with or support illegal/illicit groups?
- Does the pupil support groups with links to extremist activity?
- Has the pupil encountered peer, social, family or faith group rejection?
- Is there evidence of extremist ideological, political or religious influence on the pupil?
- Have international events in areas of conflict and civil unrest had a noticeable impact on the pupil?
- Has there been a significant shift in the pupil's outward appearance that suggests a new social, political or religious influence?
- Has the pupil come into conflict with family over religious beliefs, lifestyle or dress choices?
- Does the pupil vocally support terrorist attacks, either verbally or in their written work?
- Has the pupil witnessed or been the victim of racial or religious hate crimes?
- Is there a pattern of regular or extended travel within the UK?
- Has the pupil travelled for extended periods of time to international locations?
- Has the pupil employed any methods to disguise their identity?
- Does the pupil have experience of poverty, disadvantage, discrimination or social exclusion?
- Does the pupil display a lack of affinity or understanding for others?
- Is the pupil the victim of social isolation?
- Does the pupil demonstrate a simplistic or flawed understanding of religion or politics?
- Is the pupil a foreign national or refugee, or awaiting a decision on their/their family's immigration status?
- Does the pupil have insecure, conflicted or absent family relationships?
- Has the pupil experienced any trauma in their lives, particularly trauma associated with war or sectarian conflict?
- Is there evidence that a significant adult or other person in the pupil's life has extremist views or sympathies?

20.10 Critical indicators include where the pupil is:

- In contact with extremist recruiters.
- Articulating support for extremist causes or leaders.
- Accessing extremist websites.
- Possessing extremist literature.
- Using extremist narratives and a global ideology to explain personal disadvantage.
- Justifying the use of violence to solve societal issues.
- Joining extremist organisations.

- Making significant changes to their appearance and/or behaviour.

- 20.11 Any member of staff who identifies such concerns, because of observed behaviour or reports of conversations, will report these to the DSL.
- 20.12 The DSL will consider whether a situation may be so serious that an emergency response is required. In this situation, a 999 call will be made; however, concerns are most likely to require a police investigation as part of the Channel programme, in the first instance.

Channel programme

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn

into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

Guidance on Channel is available at: [Channel guidance](#).

- 20.13 Safeguarding children is a key role for both the school and the LA, which is implemented through the use of the Channel programme. This service shall be used where a vulnerable pupil is at risk of being involved in terrorist activities.
- 20.14 In cases where the school believes a pupil is potentially at serious risk of being radicalised, the headteacher or DSL will contact the Channel programme.
- 20.15 The DSL will also support any staff making referrals to the Channel programme.
- 20.16 The Channel programme ensures that vulnerable children and adults of any faith, ethnicity or background, receive support before their vulnerabilities are exploited by those that would want them to embrace terrorism, and before they become involved in criminal terrorist-related activity.
- 20.17 The programme identifies individuals at risk, assesses the extent of that risk, and develops the most appropriate support plan for the individuals concerned, with multi-agency cooperation and support from the school.
- 20.18 The delivery of the Channel programme may often overlap with the implementation of the LA's or school's wider safeguarding duty, especially where vulnerabilities have been identified that require intervention from CSC, or where the individual is already known to CSC.

Extremist speakers

- 20.19 The Head of Academy is responsible for ensuring no speakers who may promote extremist views are using the school premises.

Building children's resilience

20.20 The school will:

- Provide a safe environment for debating controversial issues.
- Promote fundamental British values, alongside pupils' spiritual, moral, social and cultural development.
- Allow pupils time to explore sensitive and controversial issues.
- Provide pupils with the knowledge and skills to understand and manage potentially difficult situations, recognise risk, make safe choices and recognise where pressure from others threatens their personal safety and wellbeing.
- Equip pupils to explore political and social issues critically, weigh evidence, debate, and make reasoned arguments.
- Teach pupils about how democracy, government and law making/enforcement occur.
- Teach pupils about mutual respect and understanding for the diverse national, regional, religious and ethnic identities of the UK.

Resources

20.21 The school will utilise the following resources when preventing radicalisation:

- Local safeguarding arrangements
- Local police (contacted via 101 for non-emergencies)
- The DfE's dedicated helpline (020 7340 7264)
- The Channel awareness programme
- The [Educate Against Hate](#) website

21. Peer on Peer/Child on Child abuse

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to): abuse within intimate partner relationships; bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiation/hazing type violence and rituals

22. Sexual Violence and sexual harassment between children in schools and colleges

Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered

appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

What is sexual violence and sexual harassment?

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual violence offences under the Sexual Offences Act 2003¹¹ as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the

penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?¹² Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.¹³

¹¹ See Sexual Offences Act 2003 available at [Legislation.gov.uk](https://www.legislation.gov.uk)

Sexual harassment

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.¹⁴ It may include:

-
- non-consensual sharing of sexual images and videos;
 - sexualised online bullying;
 - unwanted sexual comments and messages, including, on social media;
 - sexual exploitation; coercion and threats; and
 - upskirting.

Upskirting¹¹⁵

The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

A preventative approach

- 22.1 In order to prevent peer-on-peer abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum, assemblies and PSHE lessons.
- 22.2 The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum in PSHE lessons, RSE and group sessions. Such content will be age and stage of development specific, and tackle issues such as the following:
- Healthy relationships
 - Respectful behaviour
 - Gender roles, stereotyping and equality
 - Body confidence and self-esteem
 - Prejudiced behaviour
 - That sexual violence and sexual harassment is always wrong
 - Addressing cultures of sexual harassment
- 22.3 Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They are taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled

Awareness

- 22.4 All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as “banter” or “part of growing up”.
- 22.5 All staff will be aware that peer-on-peer abuse can be manifested in many different ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.
- 22.6 All staff will be made aware of the heightened vulnerability of pupils with SEND, who are three times more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.
- 22.7 LGBTQ+ children can be targeted by their peers. In some cases, children who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ children.
- 22.8 The school’s response to boy-on-boy and girl-on-girl sexual violence and sexual harassment will be equally as robust as it is for incidents between children of the opposite sex.
- 22.9 Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers.

Support available if a child has been harmed, is in immediate danger or at risk of harm

- 22.10 If a child has been harmed, is in immediate danger or is at risk of harm, a referral will be made to CSC.
- 22.11 Within one working day, a social worker will respond to the referrer to explain the action that will be taken.

Support available if early help, section 17 and/or section 47 statutory assessments are appropriate

22.12 If early help, section 17 and/or section 47 statutory assessments (assessments under the Children Act 1989) are appropriate, school staff may be required to support external agencies. The DSL and deputies will support staff as required.

Support available if a crime may have been committed

22.13 Rape, assault by penetration and sexual assaults are crimes. Where a report includes such an act, the police will be notified, often as a natural progression of making a referral to CSC. The DSL will be aware of the local process for referrals to both CSC and the police.

22.14 Whilst the age of criminal responsibility is 10 years of age, if the alleged perpetrator is under 10, the principle of referring to the police remains. In these cases, the police will take a welfare approach rather than a criminal justice approach.

22.15 The school has a close relationship with the local police force and the DSL will liaise closely with the local police presence.

Support available if reports include online behaviour

22.16 Online concerns can be especially complicated. The school recognises that there is potential for an online incident to extend further than the local community and for a victim, or the alleged perpetrator, to become marginalised and excluded both online and offline. There is also strong potential for repeat victimisation if the content continues to exist.

22.17 If the incident involves sexual images or videos held online, the [Internet Watch Foundation](#) will be consulted to have the material removed.

22.18 Staff will not view or forward illegal images of a child. If they are made aware of such an image, they will contact the DSL.

Managing disclosures

22.19 Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed.

22.20 If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it. The basic principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively and with the help of CSC where necessary. If staff are in any doubt, they will speak to the DSL.

22.21 Where an alleged incident took place away from the school or online but involved pupils from the school, the school's duty to safeguard pupils remains the same.

22.22 All staff will be trained to handle disclosures. Effective safeguarding practice includes:

- Never promising confidentiality at the initial stage.
- Only sharing the report with those necessary for its progression.
- Explaining to the victim what the next steps will be and who the report will be passed to.

- Recognising that the person the child chose to disclose the information to is in a position of trust.
- Being clear about boundaries and how the report will be progressed.
- Not asking leading questions and only prompting the child with open questions.
- Waiting until the end of the disclosure to immediately write a thorough summary. If notes must be taken during the disclosure, it is important to still remain engaged and not appear distracted.
- Only recording the facts as the child presents them – not the opinions of the note taker.
- Where the report includes an online element, being aware of searching, screening and confiscation advice and [UKCCIS sexting advice](#).
- Wherever possible, managing disclosures with two staff members present (preferably with the DSL or a deputy as one of the staff members).
- Informing the DSL or deputy as soon as possible after the disclosure if they could not be involved in the disclosure.

22.23 The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident in writing and, working with the SENCO, decide what course of action is necessary, with the best interests of the pupil in mind at all times.

Confidentiality

22.24 The school will only engage staff and agencies required to support the victim and/or be involved in any investigation. If a victim asks the school not to tell anyone about the disclosure, the school cannot make this promise. Even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm.

22.25 The DSL will consider the following when making confidentiality decisions:

- Parents will be informed unless it will place the victim at greater risk.
- If a child is at risk of harm, is in immediate danger or has been harmed, a referral will be made to CSC.
- Rape, assault by penetration and sexual assaults are crimes – reports containing any such crimes will be passed to the police.

22.26 The DSL will weigh the victim's wishes against their duty to protect the victim and others. If a referral is made against the victim's wishes, it will be done so extremely carefully and the reasons for referral will be explained to the victim. Appropriate specialist support will always be offered.

Anonymity

22.27 There are legal requirements for anonymity where a case is progressing through the criminal justice system. The school will do all it can to protect the anonymity of children involved in any report of sexual violence or sexual harassment. It will carefully consider, based on the nature of the report, which staff will be informed and what support will be in place for the children involved.

22.28 When deciding on the steps to take, the school will consider the role of social media in potentially exposing victims' identities and facilitating the spread of rumours.

Risk assessment

- 22.29 The DSL or a deputy will make an immediate risk and needs assessment any time there is a report of sexual violence. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.
- 22.30 Risk assessments will consider:
- The victim.
 - The alleged perpetrator.
 - Other children at the school, especially any actions that are appropriate to protect them.
- 22.31 Risk assessments will be recorded (either on paper or electronically) and kept under review in accordance with the school's Data Protection Policy.

Taking action following a disclosure

- 22.32 The DSL or a deputy will decide the school's initial response, taking into consideration:
- The victim's wishes.
 - The nature of the incident.
 - The ages and developmental stages of the children involved.
 - Any power imbalance between the children.
 - Whether the incident is a one-off or part of a pattern.
 - Any ongoing risks.
 - Any related issues and the wider context, such as whether there are wider environmental factors in a child's life that threaten their safety and/or welfare.
 - The best interests of the child.
 - That sexual violence and sexual harassment are always unacceptable and will not be tolerated.
- 22.33 Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other children involved.
- 22.34 For reports of rape and assault by penetration, whilst the school establishes the facts, the alleged perpetrator will be removed from any classes shared with the victim. The school will consider how to keep the victim and alleged perpetrator apart on school premises, and on transport where applicable. These actions will not be seen as a judgement of guilt on the alleged perpetrator.
- 22.35 For reports of sexual violence and sexual harassment, the proximity of the victim and alleged perpetrator and the suitability of shared classes, premises and transport will be considered immediately.
- 22.36 In all cases, the initial report will be carefully evaluated and the wishes of the victim, nature of the allegations and requirement to protect all children will be taken into consideration.

Managing the report

22.37 The decision of when to inform the alleged perpetrator of a report will be made on a case-by-case basis. If a report is being referred to CSC or the police, the school will speak to the relevant agency to discuss informing the alleged perpetrator.

22.38 There are four likely outcomes when managing reports of sexual violence or sexual harassment:

- Managing internally
- Providing early help
- Referring to CSC
- Reporting to the police

22.39 Whatever outcome is chosen, it will be underpinned by the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All concerns, discussion, decisions and reasons behind decisions will be recorded either on paper or electronically.

22.40 The following situations are statutorily clear and do not allow for contrary decisions:

- A child under the age of 13 can never consent to sexual activity.
- The age of consent is 16.
- Sexual intercourse without consent is rape.
- Rape, assault by penetration and sexual assault are defined in law.
- Creating and sharing sexual photos and videos of children under 18 is illegal – including children making and sending images and videos of themselves.

Managing internally

22.41 In some cases, e.g. one-off incidents, the school may decide to handle the incident internally through behaviour and bullying policies and by providing pastoral support.

Providing early help

22.42 The school may decide that statutory interventions are not required, but that pupils may benefit from early help – providing support as soon as a problem emerges. This approach can be particularly useful in addressing non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

Referral to CSC

22.43 If a child has been harmed, is at risk of harm or is in immediate danger, the school will make a referral to CSC. Parents will be informed unless there is a compelling reason not to do so (if referral will place the victim at risk). This decision will be made in consultation with CSC.

22.44 The school will not wait for the outcome of an investigation before protecting the victim and other children.

22.45 The DSL will work closely with CSC to ensure that the school's actions do not jeopardise any investigation. Any related risk assessment will be used to inform all decisions.

22.46 If CSC decide that a statutory investigation is not appropriate, the school will consider referring the incident again if they believe the child to be in immediate danger or at risk of harm.

22.47 If the school agrees with the decision made by CSC, they will consider the use of other support mechanisms such as early help, pastoral support and specialist support.

Reporting to the police

22.48 Reports of rape, assault by penetration or sexual assault will be passed on to the police – even if the alleged perpetrator is under 10 years of age. Generally, this will be in parallel with referral to CSC. The DSL and deputies will follow the local process for referral.

22.49 Parents will be informed unless there is a compelling reason not to do so. Where parents are not informed, it is essential for the school to support the child with any decision they take, in unison with CSC and any appropriate specialist agencies.

22.50 The DSL and Board of Directors will agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. They will also discuss the best way to protect the victim and their anonymity.

22.51 The DSL will be aware of local arrangements and specialist units that investigate child abuse.

22.52 In some cases, it may become clear that the police will not take further action, for whatever reason. In these circumstances, the school will continue to engage with specialist support for the victim as required.

Bail conditions

22.53 Police bail is only used in exceptional circumstances. It is unlikely that a child will be placed on police bail if alternative measures can be used to mitigate risks.

22.54 The school will work with CSC and the police to support the victim, alleged perpetrator and other children (especially witnesses) during criminal investigations. The school will seek advice from the police to ensure they meet their safeguarding responsibilities.

22.55 The term 'released under investigation' (RUI) is used to describe alleged perpetrators released in circumstances that do not warrant the application of bail.

22.56 Where bail is deemed necessary, the school will work with CSC and the police to safeguard children – ensuring that the victim can continue in their normal routine and continue to receive a suitable education.

22.57 Managing delays in the criminal justice system

22.58 The school will not wait for the outcome (or even the start) of criminal proceedings before protecting the victim, alleged perpetrator and other children. The associated risk assessment will be used to inform any decisions made.

22.59 The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

The end of the criminal process

22.60 Risk assessments will be updated if the alleged perpetrator receives a caution or is convicted. If the perpetrator remains in the same school as the victim, the school will set out clear expectations regarding the perpetrator, including their behaviour and any restrictions deemed reasonable and proportionate with regards to the perpetrator's timetable.

- 22.61 The school will ensure that the victim and perpetrator remain protected from bullying and harassment (including online).
- 22.62 Where an alleged perpetrator is found not guilty or a case is classed as requiring “no further action”, the school will offer support to the victim and alleged perpetrator for as long as is necessary. The victim is likely to be traumatised and the fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. The school will discuss decisions with the victim and offer support.
- 22.63 The alleged perpetrator is also likely to require ongoing support, as they have also been through a difficult and upsetting experience.
- Ongoing support for the victim
- 22.64 Any decisions regarding safeguarding and supporting the victim will be made with the following considerations in mind:
- The terminology the school uses to describe the victim
 - The age and developmental stage of the victim
 - The needs and wishes of the victim
 - Whether the victim wishes to continue in their normal routine
 - The victim will not be made to feel ashamed about making a report
 - What a proportionate response looks like
- 22.65 Victims may not disclose the whole picture immediately and they may be more comfortable talking about the incident on a piecemeal basis; therefore, a dialogue will be kept open and the victim can choose to appoint a designated trusted adult.
- 22.66 Victims may struggle in a normal classroom environment. Whilst it is important not to isolate the victim, the victim may wish to be withdrawn from lessons and activities at times. This will only happen when the victim wants it to, not because it makes it easier to manage the situation.
- 22.67 The school will provide a physical space for victims to withdraw to.
- 22.68 Victims may require support for a long period of time and the school will be prepared to offer long-term support in liaison with relevant agencies.
- 22.69 Everything possible will be done to prevent the victim from bullying and harassment as a result of any report they have made.
- 22.70 If the victim is unable to remain in the school, alternative provision or a move to another school will be considered – this will only be considered at the request of the victim and following discussion with their parents.
- 22.71 If the victim does move to another school, the DSL will inform the school of any ongoing support needs and transfer the child protection file.
- Ongoing support for the alleged perpetrator
- 22.72 When considering the support required for an alleged perpetrator, the school will take into account:
- The terminology they use to describe the alleged perpetrator or perpetrator.

- The balance of safeguarding the victim and providing the alleged perpetrator with education and support.
- The reasons why the alleged perpetrator may have abused the victim – and the support necessary.
- Their age and developmental stage.
- What a proportionate response looks like.
- Whether the behaviour is a symptom of their own abuse or exposure to abusive practices and/or materials.

22.73 When making a decision, advice will be taken from CSC, specialist sexual violence services and the police as appropriate.

22.74 If the alleged perpetrator moves to another school (for any reason), the DSL will inform the destination school of any ongoing support needs and transfer the child protection file.

22.75 The school will work with professionals as required to understand why the abuse took place and provide a high level of support to help the pupil understand and overcome the reasons for their behaviour and reduce the likelihood of them abusing again.

22.76 Disciplining the alleged perpetrator

22.77 Disciplinary action can be taken whilst investigations are ongoing and the fact that investigations are ongoing does not prevent the school reaching its own conclusion and imposing an appropriate penalty.

22.78 The school will make such decisions on a case-by-case basis, with the DSL taking a leading role. The school will take into consideration whether any action would prejudice an investigation and/or subsequent prosecution. The police and CSC will be consulted where necessary.

22.79 The school will also consider whether circumstances make it unreasonable or irrational for the school to make a decision about what happened while an investigation is considering the same facts.

22.80 Disciplinary action and support can take place at the same time.

22.81 The school will be clear whether action taken is disciplinary, supportive or both.

22.82 Shared classes

22.83 Once the DSL has decided to progress a report, they will again consider whether the victim and alleged perpetrator will be separated in classes, on school premises and on school transport – balancing the school's duty to educate against its duty to safeguard. The best interests of the pupil will always come first.

22.84 Where there is a criminal investigation into rape or assault by penetration, the alleged perpetrator will be removed from classes with the victim and potential contact on school premises and transport will be prevented.

22.85 Where a criminal investigation into rape or assault by penetration leads to a conviction or caution, in all but the most exceptional circumstances, this will constitute a serious breach of discipline and result in the view that allowing the perpetrator to remain in the school would harm the education or welfare of the victim and potentially other pupils.

22.86 Where a criminal investigation into sexual assault leads to a conviction or caution, the school will consider suitable sanctions and permanent exclusion. If the perpetrator will

remain at the school, the school will keep the victim and perpetrator in separate classes and manage potential contact on school premises and transport. The nature of the conviction or caution, alongside the wishes of the victim, will inform any discussions made.

- 22.87 Where a report of sexual assault does not lead to a police investigation, this does not mean that the offence did not happen or that the victim has lied. Both the victim and alleged perpetrator will be affected and appropriate support will be provided. Considerations regarding sharing classes and potential contact will be made on a case-by-case basis.
- 22.88 In all cases, the school will record its decisions and be able to justify them. The needs and wishes of the victim will always be at the heart of the process.

Working with parents and carers

- 22.89 In most sexual violence cases, the school will work with the parents of both the victim and alleged perpetrator. For cases of sexual harassment, these decisions will be made on a case-by-case basis.
- 22.90 The school will meet the victim's parents with the victim present to discuss the arrangements being put in place to safeguard the victim, and to understand their wishes in terms of support arrangements and the progression of the report.
- 22.91 Schools will also meet with the parents of the alleged perpetrator to discuss arrangements that will impact their child, such as moving them out of classes with the victim. Reasons behind decisions will be explained and the support being made available will be discussed. The DSL or a deputy will attend such meetings, with agencies invited as necessary.
- 22.92 Clear policies regarding how the school will handle reports of sexual violence and how victims and alleged perpetrators will be supported will be made available to parents.

Safeguarding other children

- 22.93 Children who have witnessed sexual violence, especially rape and assault by penetration, will be provided with support.
- 22.94 It is likely that children will "take sides" following a report, and the school will do everything in its power to protect the victim, alleged perpetrator and witnesses from bullying and harassment.
- 22.95 The school will keep in mind that contact may be made between the victim and alleged perpetrator and that harassment from friends of both parties could take place via social media and do everything in its power to prevent such activity.
- 22.96 As part of the school's risk assessment following a report, transport arrangements will be considered, as it is a potentially vulnerable place for both a victim and alleged perpetrator. Schools will consider any additional support that can be put in place.

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and

kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the BWAFF Welfare Pathway As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or a deputy).

23. A child missing from education

- 23.1 A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation.
- 23.2 Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy.
- 23.3 The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Admissions register

- 23.4 Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending.
- 23.5 The school will notify the LA within five days of when a pupil's name is added to the admissions register.
- 23.6 The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur.
- 23.7 Two emergency contact details will be held for each pupil where possible.
- 23.8 Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.
- 23.9 If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:
- The full name of the parent with whom the pupil will live
 - The new address
 - The date from when the pupil will live at that address
- 23.10 If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:
- The name of the new school
 - The date on which the pupil first attended, or is due to attend, that school
- 23.11 Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.

23.12 To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
- Have been permanently excluded.

23.13 The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.

23.14 If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)

23.15 The school will work with the LA to establish methods of making returns for pupils back into the school.

23.16 The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown.

23.17 The school will also highlight any other necessary contextual information including safeguarding concerns

24. Pupils with SEND

24.1 The school recognises that pupils with SEND can face additional safeguarding challenges and understands that further barriers may exist when determining abuse and neglect in this group of pupils.

24.2 Staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a child's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by things like bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

24.3 When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.

24.4 When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's family where appropriate, to ensure that the pupil's needs are effectively met.

25. Alternative provision

25.1 The school will remain responsible for a pupil's welfare during their time at an alternative provider.

25.2 When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

26. Work experience

26.1 Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

27. Private fostering

27.1 Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

28. Concerns about a pupil

28.1 If a member of staff has any concern about a child's welfare, they will act on them immediately by speaking to the DSL or a deputy.

28.2 All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in [section 28](#) of this policy.

28.3 Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSL with the matter.

28.4 If a referral is made about a child by anyone other than the DSL, the DSL will be informed as soon as possible.

28.5 The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer.

28.6 Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil.

- 28.7 If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.
- 28.8 If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered.
- 28.9 All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded by the DSL on our secure online 'My concern' portal.
- 28.10 If a pupil is in immediate danger, a referral will be made to CSC and/or the police immediately.
- 28.11 If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.
- 28.12 Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views.
- 28.13 When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.
- 28.14 An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

29. Early help

- 29.1 Early help means providing support as soon as a problem emerges, at any point in a child's life. Lincolnshires Early Help Pathway will be followed in order to initiate and support Early Help within a multi agency arena
- 29.2 Any pupil may benefit from early help, but in particular staff will be alert to the potential need for early help for pupils who:
- Have SEND (whether or not they have a statutory EHC plan).
 - Are young carers.
 - Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups.
 - Are frequently missing/going missing from care or from home.
 - Misuse drugs or alcohol.
 - Are at risk of modern slavery, trafficking or exploitation.
 - Are in a family circumstance presenting challenges such as substance abuse, adult mental health problems or domestic abuse.
 - Are returned home to their family from care.
 - Show early signs of abuse and/or neglect.
 - Are at risk of being radicalised or exploited.
 - Are privately fostered.
- 29.3 Early help will also be used to address non-violent harmful sexual behaviour to prevent escalation.

- 29.4 All staff will be made aware of the local early help process and understand their role in it.
- 29.5 The DSL will take the lead where early help is appropriate.

30. Managing referrals

- 30.1 The reporting and referral process outlined in [Appendix B](#) will be followed accordingly.
- 30.2 All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed.
- 30.3 When making a referral to CSC or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.
- 30.4 The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved.
- 30.5 The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.
- 30.6 Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. **Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.**
- 30.7 The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSC.
- 30.8 Where CSC decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm.
- 30.9 Where CSC decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.
- 30.10 At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so.
- 30.11 Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm.
- 30.12 The school will work closely with parents to ensure that the pupil, as well as their family, understands that the arrangements in place, such as in-school interventions, are effectively supported and know where they can access additional support.

31. Concerns about staff members and safeguarding practices

- 31.1 If a staff member has concerns about another member of staff including sup[ply and volunteers, it will be raised with the headteacher.
- 31.2 If the concern is with regards to the headteacher, it will be referred to the chair of governors.

- 31.3 Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy.
- 31.4 If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).
- 31.5 Any allegations of abuse made against staff members will be dealt with in accordance with the school's Allegations of Abuse Against Staff Policy.

32. Dealing with allegations of abuse against staff

- 32.1 All allegations will be dealt with in line with the BWAf Managing Allegations Policy, a copy of which will be provided to, and understood by, all staff.
- 32.2 When an allegation is made, an investigation will be carried out to gather enough evidence to establish whether it has a foundation, and the school will ensure there is sufficient information to meet the [DBS referral criteria](#).
- 32.3 On conclusion of a case, where an individual is removed from regulated activity – this could be due to suspension, redeployment to work that is not in regulated activity, dismissal or resignation – the school will refer the case to the DBS as soon as possible.
- 32.4 If a case manager is concerned about the welfare of other children in the community following a staff member's suspension, they may report this concern to CSC.
- 32.5 The school will preserve records which contain information about allegations of sexual abuse for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry in question.

33. Communication and confidentiality

- 33.1 All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.
- 33.2 Where there is an allegation or incident of sexual abuse or violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents.
- 33.3 Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.
- 33.4 Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis.
- 33.5 During disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.
- 33.6 Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime.

- 33.7 Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others.
- 33.8 Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.
- 33.9 Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved.
- 33.10 Discussions with parents will not take place where they could potentially put a pupil at risk of harm.
- 33.11 Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report.
- 33.12 Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, etc., with the reasons behind decisions being explained and the available support discussed.
- 33.13 External agencies will be invited to these discussions where necessary.
- 33.14 Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.
- 33.15 Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

34. Online safety

- 34.1 As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.
- 34.2 Through training, all staff members will be made aware of the following:
- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online
 - The procedure to follow when they have a concern regarding a pupil's online activity
- 34.3 The school will ensure that suitable filtering systems are in place to prevent children accessing terrorist and extremist material, in accordance with the school's e-safety policy.
- 34.4 The use of mobile phones by staff and pupils is closely monitored by the school, in accordance with section 35 of this policy.
- 34.5 The school will ensure that the use of filtering and monitoring systems does not cause "over blocking" which may lead to unreasonable restrictions as to what pupils can be taught regarding online teaching.
- 34.6 Further information regarding the school's approach to online safety can be found in the e-Safety Policy.

35. Mobile phone and camera safety

- 35.1 Staff members will not use personal mobile phones or cameras when pupils are present.
- 35.2 Staff may use mobile phones on school premises outside of working hours when no pupils are present.
- 35.3 Staff may use mobile phones in the staffroom during breaks and non-contact time.
- 35.4 Mobile phones will be safely stored and in silent mode whilst pupils are present.
- 35.5 Staff will use their professional judgement in emergency situations.
- 35.6 Staff may take mobile phones on trips, but they must only be used in emergencies and should not be used when pupils are present.
- 35.7 Mobile devices will not be used to take images or videos of pupils or staff in any circumstances.
- 35.8 The sending of inappropriate messages or images from mobile devices is strictly prohibited.
- 35.9 Staff who do not adhere to this policy will face disciplinary action.
- 35.10 ICT technicians and the e-safety officer will review and authorise any downloadable apps – no apps or programmes are to be downloaded onto school devices without express permission from an ICT technician or the e-safety officer.
- 35.11 The school will adhere to the terms of the E-Safety Policy at all times.
- 35.12 Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy.
- 35.13 The DPO will oversee the planning of any events where photographs and videos will be taken.
- 35.14 Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved.
- 35.15 The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.
- 35.16 Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the BWAf managing allegations policy.

Upskirting

- 35.17 Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment and to record an image beneath a person's clothing without consent and with the intention of observing, or enabling another person to observe, the victim's genitals or buttocks (whether exposed or covered with underwear), in circumstances where their genitals, buttocks or underwear would not otherwise be visible, for a specified purpose.
- 35.18 A "specified purpose" is namely:
 - Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear).
 - To humiliate, distress or alarm the victim.

- 35.19 “Operating equipment” includes enabling, or securing, activation by another person without that person’s knowledge, e.g. a motion activated camera.
- 35.20 Upskirting will not be tolerated by the school.
- 35.21 Any incidents of upskirting will be reported to the DSL who will then decide on the next steps to take, which may include police involvement.

36. Sports clubs and extracurricular activities

- 36.1 Clubs and extracurricular activities hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.
- 36.2 Paid and volunteer staff running sports clubs and extracurricular activities are aware of their safeguarding responsibilities and promote the welfare of pupils.
- 36.3 Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSC or the police, if necessary.
- 36.4 All national governing bodies of sport that receive funding from either Sport England or UK Sport, must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

37. Safer recruitment

- 37.1 An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in ‘regulated activity’ if, as a result of their work, they:
- Are responsible on a daily basis for the care or supervision of children.
 - Regularly work in the school at times when children are on the premises.
 - Regularly come into contact with children under 18 years of age.
- 37.2 The DfE’s [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

Pre-employment checks

- 37.3 The governing board will assess the suitability of prospective employees by:
- Verifying the candidate’s identity, preferably from the most current photographic ID and proof of address except where, for exceptional reasons, none is available.
 - Obtaining a certificate for an enhanced DBS check with barred list information where the person will be engaged in regulated activity.
 - Obtaining a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available.
 - Checking that a candidate to be employed as a teacher is not subject to a prohibition order issued by the Secretary of State, using the [TRA Teacher Services’ System](#).
 - Verifying the candidate’s mental and physical fitness to undertake their working responsibilities, including asking relevant questions about

disability and health to establish whether they have the physical and mental capacity for the specific role.

- Checking the person's right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, the advice set out on the [Gov.UK](https://www.gov.uk) website will be followed.
- If the person has lived or worked outside the UK, making any further checks that the school considers appropriate; this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.
- Checking professional experience, QTS and qualifications as appropriate using Teacher Services.
- Confirming that an individual taking up a management position is not subject to a section 128 direction.

37.4 An enhanced DBS certificate will be obtained from candidates before or as soon as practicable after appointment. An online update check may be undertaken through the DBS update service if an applicant has subscribed to it and gives their permission.

Internal candidates

37.5 References from internal candidates will always be scrutinised before appointment.

ITT candidates

37.6 Where applicants for ITT are salaried by the school, the school will ensure that enhanced DBS checks with barred list information are carried out.

37.7 Written confirmation will be obtained to ensure that an enhanced DBS certificate and barred list check has been carried out for all fee-funded trainees.

Governors

37.8 The trust requires enhanced DBS checks on all members of the academy trust, individual charity trustees, and the chair of the board of charity trustees.

37.9 Before an individual becomes a trustee, the school will carry out an enhanced DBS check and confirm their identity.

37.10 Where a trustee also engages in any regulated activity, a barred list check will also be requested.

37.11 An additional check is required for those in management positions, to ensure that they are not prohibited under section 128 provisions. Where a barred list check has been performed, the section 128 direction will also be shown and will not require a separate check.

37.12 If the individual lives or has lived outside of the UK, consideration will be given as to further checks that may be necessary.

Those who have lived or worked outside of the UK

37.13 For those who have lived or worked outside of the UK, additional checks regarding teacher sanctions or restrictions will be conducted, this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.

Barred list check

- 37.14 An enhanced DBS check may be requested for anyone working in school that is not in regulated activity but does not have a barred list check.
- 37.15 If there are concerns about an applicant, an enhanced DBS check with barred list information may be requested, even if they have worked in regulated activity in the three months prior to appointment.
- 37.16 Written information about their previous employment history will be obtained from candidates and the appropriate checks undertaken to ensure information is not contradictory or incomplete.

References

- 37.17 References will be obtained directly from referees and scrutinised, with all concerns satisfactorily resolved prior to confirmation of employment.
- 37.18 References will only be accepted from a senior person and not from a colleague.
- 37.19 References will be sought on all short-listed candidates, including internal ones, before an interview and checked on receipt to ensure that all specific questions were answered satisfactorily.
- 37.20 References will be obtained prior to interviews taking place and discussed during interviews.
- 37.21 Open testimonials will not be considered.
- 37.22 Information about past disciplinary actions or allegations will be considered carefully when assessing an applicant's suitability for a post.
- 37.23 Information sourced directly from a candidate or online source will be carefully vetted to ensure they originate from a credible source.

Volunteers

- 37.24 No volunteer will be left unsupervised with a pupil or allowed to work in regulated activity until the necessary checks have been obtained.
- 37.25 An enhanced DBS certificate with barred list check will be obtained for all new volunteers in regulated activity that will regularly teach or look after children on an unsupervised basis or provide personal care on a one-off basis.
- 37.26 Personal care includes helping a child with eating and drinking for reasons of illness, or care in connection with toileting, washing, bathing and dressing for reasons of age, illness or disability.
- 37.27 A supervised volunteer who regularly teaches or looks after children is not in regulated activity.
- 37.28 The school will obtain an enhanced DBS certificate with barred list check for existing volunteers that provide pastoral care.
- 37.29 Unless there is cause for concern, the school will not request any new DBS certificates with barred list check for existing volunteers that have already been checked.
- 37.30 A risk assessment will be undertaken for volunteers not engaged in regulated activity when deciding whether to seek an enhanced DBS check.

Associate members

37.31 Associate members (i.e. individuals that are appointed by the governing board to serve on one or more committees) will not be required to obtain enhanced DBS checks.

Contractors

37.32 The school will ensure that any contractor or employee of the contractor working on the premises has been subject to the appropriate level of DBS check.

37.33 Checks will be conducted to ensure that the contractor presenting themselves for work is the same person on whom the checks have been made.

37.34 Contractors without a DBS check will be supervised if they will have contact with children. The identity of the contractor will be checked upon their arrival at the school.

Data retention

37.35 DBS certificates will be securely destroyed as soon as practicable, but not retained for longer than six months from receipt.

37.36 A copy of the other documents used to verify the successful candidate's identity, right to work and required qualifications will be kept for the personnel file. The personnel file will be held for the duration of the employee's employment plus six years.

Referral to the DBS

37.37 The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity. The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

Ongoing suitability

37.38 Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

38. Single central record (SCR)

38.1 The school keeps an SCR which records all staff, including supply staff and teacher trainees on salaried routes, who work at the school.

38.2 All members of the proprietor body are also recorded on the SCR.

38.3 The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- **[Academies, free schools and independent schools only]** A section 128 check
- A check of professional qualifications
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK

38.4 For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been

received which indicates that all the necessary checks have been conducted and the date that confirmation was received.

- 38.5 If any checks have been conducted for volunteers, this will also be recorded on the SCR.
- 38.6 If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

39. Staff suitability

- 39.1 All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018.
- 39.2 A person may be disqualified if they:
- Have certain orders or other restrictions placed upon them.
 - Have committed certain offences.
- 39.3 All staff members are required to sign the [declaration form](#) provided in the appendices of this policy confirming that they are not disqualified from working in a schooling environment.
- 39.4 A disqualified person will not be permitted to continue working at the school, unless they apply for and are granted a waiver from Ofsted. The school will provide support with this process.

40. Training

- 40.1 Staff members will undergo safeguarding and child protection training at induction, which will be regularly updated on an annual basis or more frequently if there is a change in legislation.
- 40.2 The induction training will cover:
- The Child Protection and Safeguarding Policy
 - The Behavioural Policy
 - The Staff Code of Conduct
 - The safeguarding response to children who go missing from education
 - The identity of the DSL and any deputies

- The issues surrounding sexual violence and sexual harassment.
 - Contextual safeguarding.
 - How to keep previously LAC safe.
 - Child criminal exploitation and the need to refer cases to the National Referral Mechanism.

- 40.6 The DSL and deputy DSL will undergo updated child protection training every two years, as well as additional training to refresh their skills and knowledge at regular intervals (at least annually) to allow them to keep up-to-date with any developments relevant to their role.
- 40.7 The DSL and deputy DSL will also undergo annual Prevent awareness training which will enable them to understand and support the school with regards to the Prevent duty and equip them with the knowledge needed to advise staff.
- 40.8 The DSL and their deputy(s) will undergo online safety training to help them recognise the additional risks that pupils with SEND face online, for example, from online bullying, grooming and radicalisation, to ensure they have the capability to support pupils with SEND to stay safe online
- 40.9 Online training will also be conducted for all staff members as part of the overall safeguarding approach.

41. Monitoring and review

Safeguarding During the Coronavirus (COVID-19) Outbreak

This appendix has been created in line with the DfE's 'Coronavirus (COVID-19): safeguarding in schools, colleges and other providers' guidance.

Statement of intent

We understand that we face a time of great uncertainty and, as a school, we are doing all we can to provide clarity and safety to the school community. This appendix includes provisions which the school will have due regard for during the coronavirus pandemic. The information in this section is under constant review and is updated to reflect changes to government and local guidance as it is released.

1. Key definitions

1.1 For the purpose of this policy, the following definitions will be utilised:

- **Education hub:** a cluster of schools and colleges collaborating and sharing resources, staff and pupils in a local area.
- **Children of critical workers:** children of parents who work in the following industries:
 - Health and social care, e.g. doctors and nurses
 - Education and childcare, e.g. teachers and DSLs
 - Local and national government, e.g. administrative occupations
 - Food and essential goods retail, e.g. supermarket workers and grocers
 - Public safety and national security, e.g. police and ministry of defence workers
 - Transport, e.g. freight transport workers and train drivers
 - Utilities, communication and financial services, e.g. bankers, oil workers, and telecommunications (999 and 111 critical services)
- **Vulnerable children:** those who have a social worker and those with EHC plans. Those who have a social worker include children who have a child protection plan and those who are looked after by the LA. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

2. The role of the DSL and their deputies

2.1 In light of the current crisis, the school has additional measures in place to ensure the safety and wellbeing of its pupils – this approach is led by the DSL.

2.2 As more pupils return to school, the school makes it a priority to have a trained DSL or their deputy on site. Where possible, this will be the school's DSL or deputy; however, where absence or illness makes this unfeasible, the school will consider the following two options:

- The school's DSL or deputy will be made available via telephone or online communication.
 - The school will reach out to other schools and they will share a trained DSL or deputy where possible either in person or on video or voice call.
- 2.3 Where a DSL is unavailable on site, a member of the SLT will take responsibility for coordinating safeguarding within the school. Their role will include:
- Updating and managing access to child protection files.
 - Liaising with the offsite DSL or deputy.
 - Liaising with children's social care services where required.
- 2.4 During phased reopening, the DSL and their deputy are responsible for:
- Sharing their time and resources with other schools, where necessary.
 - Ensuring staff are kept up-to-date with the latest safeguarding information and developments, including via the safeguarding partners, newsletters and professional advice groups.
 - Being responsible for amending Appendix A (this section) in line with the continual changes to education policy released by the DfE and communicating all changes to staff and volunteers.
 - Working with the VSH and wider LA to protect vulnerable children.
 - Providing support to teachers and pastoral staff to ensure that contact is maintained with pupils who are not yet returning to school and their families.
 - Ensuring staff are aware of reporting channels for safeguarding concerns.
 - Ensuring there is a consistent approach to safeguarding children throughout the coronavirus pandemic.
 - Speaking to pupils directly where possible to identify any concerns and ensuring pupils are provided with clear communication channels so they can report any concerns they have, including reports of peer-on-peer abuse.
 - Providing all volunteers and volunteer staff with copies of this policy.
 - Identifying a suitable member of the SLT to assume the role of temporary DSL should both themselves and their deputies become unable to work.
 - Sharing their contact information with the school community.
 - Identifying vulnerable children and communicating additional safeguarding provisions to pupils and their families.
- 2.5 The DSL will report back to the governing board on all relevant safeguarding concerns.
- 2.6 The DSL will work with the local safeguarding partners to ensure pupils remain safe during phased reopening.
- 2.7 All online or telephone communication will be made using school accounts or telephone numbers. If any staff need to use their personal number, this is withheld.

3. Attendance

- 3.1 The school will resume its regular attendance register to record attendance during phased reopening.
- 3.2 The school will report to the DfE the number of pupils in school using [the online form](#). This form will be submitted by 12:00pm each weekday.
- 3.3 Parents will not be penalised if their child does not attend school.
- 3.4 The school will record and investigate any absences where it expected a child to attend school and did not or where parents have arranged care for their child who subsequently did not attend. Where relevant, the school will report to social workers any pupil absence.
- 3.5 The school encourages the attendance of vulnerable pupils where appropriate, i.e. where there are no shielding concerns for the pupil or their household, and/or following a risk assessment for pupils with an EHC plan.
- 3.6 Individuals who are, or live with someone who is, shielding are not expected to return to school. If a pupil is, or lives with someone who is, shielding but cannot receive education at home, the school will ensure they can attend in the safest possible way, e.g. by adhering to stringent social distancing measures.
- 3.7 The school will ensure that all pupils' emergency contact information is correct and encourage parents to provide as many contact numbers as possible.
- 3.8 Pupils who were attending an alternative school as part of the hub approach are encouraged to return to our own school where this is possible, in line with [9.3](#) of this appendix.

4. Staff training and safeguarding induction

- 4.1 The school will ensure that all existing school staff have read part one of the most up-to-date version 'Keeping children safe in education' (KCSIE) and are suitably trained in this policy and any local safeguarding arrangements.
- 4.2 The DSL and headteacher will risk assess any volunteers or staff from other schools to determine their suitability to work with children.
- 4.3 Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.
- 4.4 The DSL and headteacher will ensure any volunteers or staff from other schools are suitably trained in safeguarding and ensure that they have read the relevant sections of KCSIE, are aware of the school's safeguarding policy and procedures, and any additional local safeguarding arrangements.
- 4.5 The DSL and headteacher will use their professional judgement to assess how much additional safeguarding training temporary staff or volunteers require.
- 4.6 The school will follow safer recruitment processes, in line with the relevant policies, when acquiring new staff.
- 4.7 New staff or volunteers will continue to be provided with a safeguarding induction and the most up-to-date copy of this policy.

- 4.8 Anyone who has not undergone suitable DBS checks will not be left unattended with pupils.
- 4.9 Existing staff who have not worked in regulated activity during partial school closure will not require a new DBS check; however, the school will carry out a check on anyone who causes a concern.
- 4.10 All staff will receive updates from the DSL regarding confirmation of local safeguarding processes and confirmation of the DSL and their deputy's arrangements, e.g. working schedule and contact information.
- 4.11 The school will report anyone to the TRA who they consider a safeguarding risk by emailing Misconduct.Teacher@education.gov.uk – all referrals received by the TRA will continue to be considered but hearings may not be scheduled for the current time.
- 4.12 Where required, the school will have a rotary system for staffing, although the headteacher is to be aware of who will be in school at any one given time.
- 4.13 The school will ensure the SCR is kept up-to-date in line with KCSIE. The SCR will be used as a record of attendance for staff and volunteers as well as acting as a log of any risk assessments carried out on volunteers and staff on loan from other schools.

5. Online safety and security

- 5.1 The school will continue to ensure that appropriate filters and monitoring systems are in place to protect pupils when they are online on the school's IT systems.
- 5.2 All online programmes used will be checked by the school's DPO and DSL to ensure they are reputable and GDPR compliant.
- 5.3 The ICT technician will work to ensure any loaned devices are secure and have the necessary antivirus malware protection downloaded.
- 5.4 Any online queries which require the ICT technician will be addressed over the phone or online as much as possible – face-to-face contact is kept to a minimum.
- 5.5 Where the ICT technician is unavailable, the school will seek the support of other ICT staff, either internally or from another school.
- 5.6 The DSL will report back to the governing board how they are ensuring pupils remain safe online during partial school closure.
- 5.7 Pupils will report any suspicious online activity they encounter to the DSL or headteacher.
- 5.8 Staff will adhere to the Staff Code of Conduct at all times when delivering education online.
- 5.9 Staff will continue to look out for signs of a child being at risk online and report concerns over a pupil's safety online to the DSL. Where relevant, the DSL will make referrals to the police and children's social care.
- 5.10 The school will collaborate with parents and carers to reinforce the importance of online safety and encourage parents to set age-appropriate parental controls on digital devices and use internet filters to block malicious websites.

- 5.11 Pupils are provided with useful information and contact details of individuals and organisations they can turn to should they feel unsafe online, e.g. Childline or the UK Safer Internet Centre.

6. Mental health and pastoral care

- 6.1 The school understands how the coronavirus pandemic can cause pupils and staff to feel anxious and concerned and will offer any essential support required to those in need.
- 6.2 The headteacher will encourage line managers to hold one-to-one meetings with their staff over the phone or via a video call to ensure they feel supported during this stressful time.
- 6.3 Pupils will be provided with different resources they can access to help them cope with their mental health, including Childline and other online services.
- 6.4 Face-to-face support will only be provided where two-metre social distancing can be adhered to.
- 6.5 Teachers will have due regard for the negative impact the current pandemic may have had on pupils, especially when setting expectations for pupils' work.
- 6.6 Pastoral support will be offered to any family who requires it.
- 6.7 The school will help parents and pupils make a weekly plan or structure that includes time for education, playing and relaxing.
- 6.8 The school will consider one-to-one support for those who may benefit the most from it, e.g. for pupils with SEND.

7. Working from home

- 7.1 Teachers who remain working from home will plan lessons with the safety of pupils in mind.
- 7.2 Staff working from home will find a quiet room with a neutral background to talk to pupils, parents or carers via video.
- 7.3 Teachers will ensure all online planning processes for children who are working online will have clear reporting routes to the school and external agencies so they can raise concerns whilst online.
- 7.4 The school will collaborate with the LA where possible when planning online lessons and activities, and considering online safety.
- 7.5 The DSL will ensure every staff member has their contact information so they know how they can talk to them about any safeguarding concern.
- 7.6 Pupils will be provided with online safety information by their teacher.
- 7.7 Pupils will be directed to practical online support, such as Childline, where they feel unsafe and require support outside of school.
- 7.8 Parents are given a list of websites their child will be accessing and any information of online sessions with staff their child will be participating in during partial school closure.

7.9 Parents are provided with the contact details of the DSL so they can report any concerns they have.

7.10 When communicating online, staff will:

- Communicate through the school channels approved by the SLT.
- Use school email accounts over personal accounts wherever possible.
- Use school devices over personal devices wherever possible.
- Not share personal information.

8. Peer-on-peer abuse

8.1 The DSL will implement robust reporting procedures for peer-on-peer abuse during partial school closure and communicate these to all staff, pupils and parents.

8.2 Reports made regarding peer-on-peer abuse will be risk assessed by the DSL on a case-by-case basis and, where required, investigated immediately and reported to the relevant authority, e.g. the police or CSC where required.

8.3 Both the alleged perpetrator and victim will be provided with support whilst the report is being investigated.

8.4 Pupils will be provided with the contact details of relevant bodies who can provide support to them during this time, e.g. Childline.

8.5 The DSL will keep the victim, the alleged perpetrator and their families up-to-date where necessary with details of the investigation, including the conclusion and how appeals can be made.

8.6 Individuals will be given a copy of the school's amended Complaints Procedures Policy to assist them with the appeals process.

8.7 Communications will be made online or by telephone unless face-to-face contact is unavoidable.

9. Pupils moving schools

9.1 Where school pupils are attending another setting, the school will continue to do whatever they reasonably can to provide the receiving institution with any relevant welfare and child protection information.

9.2 The DSL will ensure that the receiving school has access to pupils' EHC plans, child in need plans, child protection plans or, for LAC, their personal education plan and know who the child's social worker (and, for LAC, who the responsible virtual school head is).

9.3 Vulnerable pupils and those of critical workers who are attending another setting, may return to school.

10. Monitoring and review

10.1 The DSL is responsible for continually monitoring DfE updates and updating this appendix in line with any government changes and guidance from the local safeguarding partners.

10.2 Any changes to this appendix will be communicated to all staff, parents and relevant stakeholders.

All actions regarding the concern must be recorded on My Concern and kept up to date

Once all actions are carried out and concern is resolved, the concern will be closed off with a rationale by the DSL

It is everyone's responsibility to safeguard children. If you are worried about the way in which a concern you have reported has been dealt with, please discuss with your Head Teacher immediately. If the concern relates to the head teacher then you must refer to the Chair of Governors immediately. Follow BWAFF MANAGING ALLEGATIONS POLICY

If you are concerned that a person who works with children has:

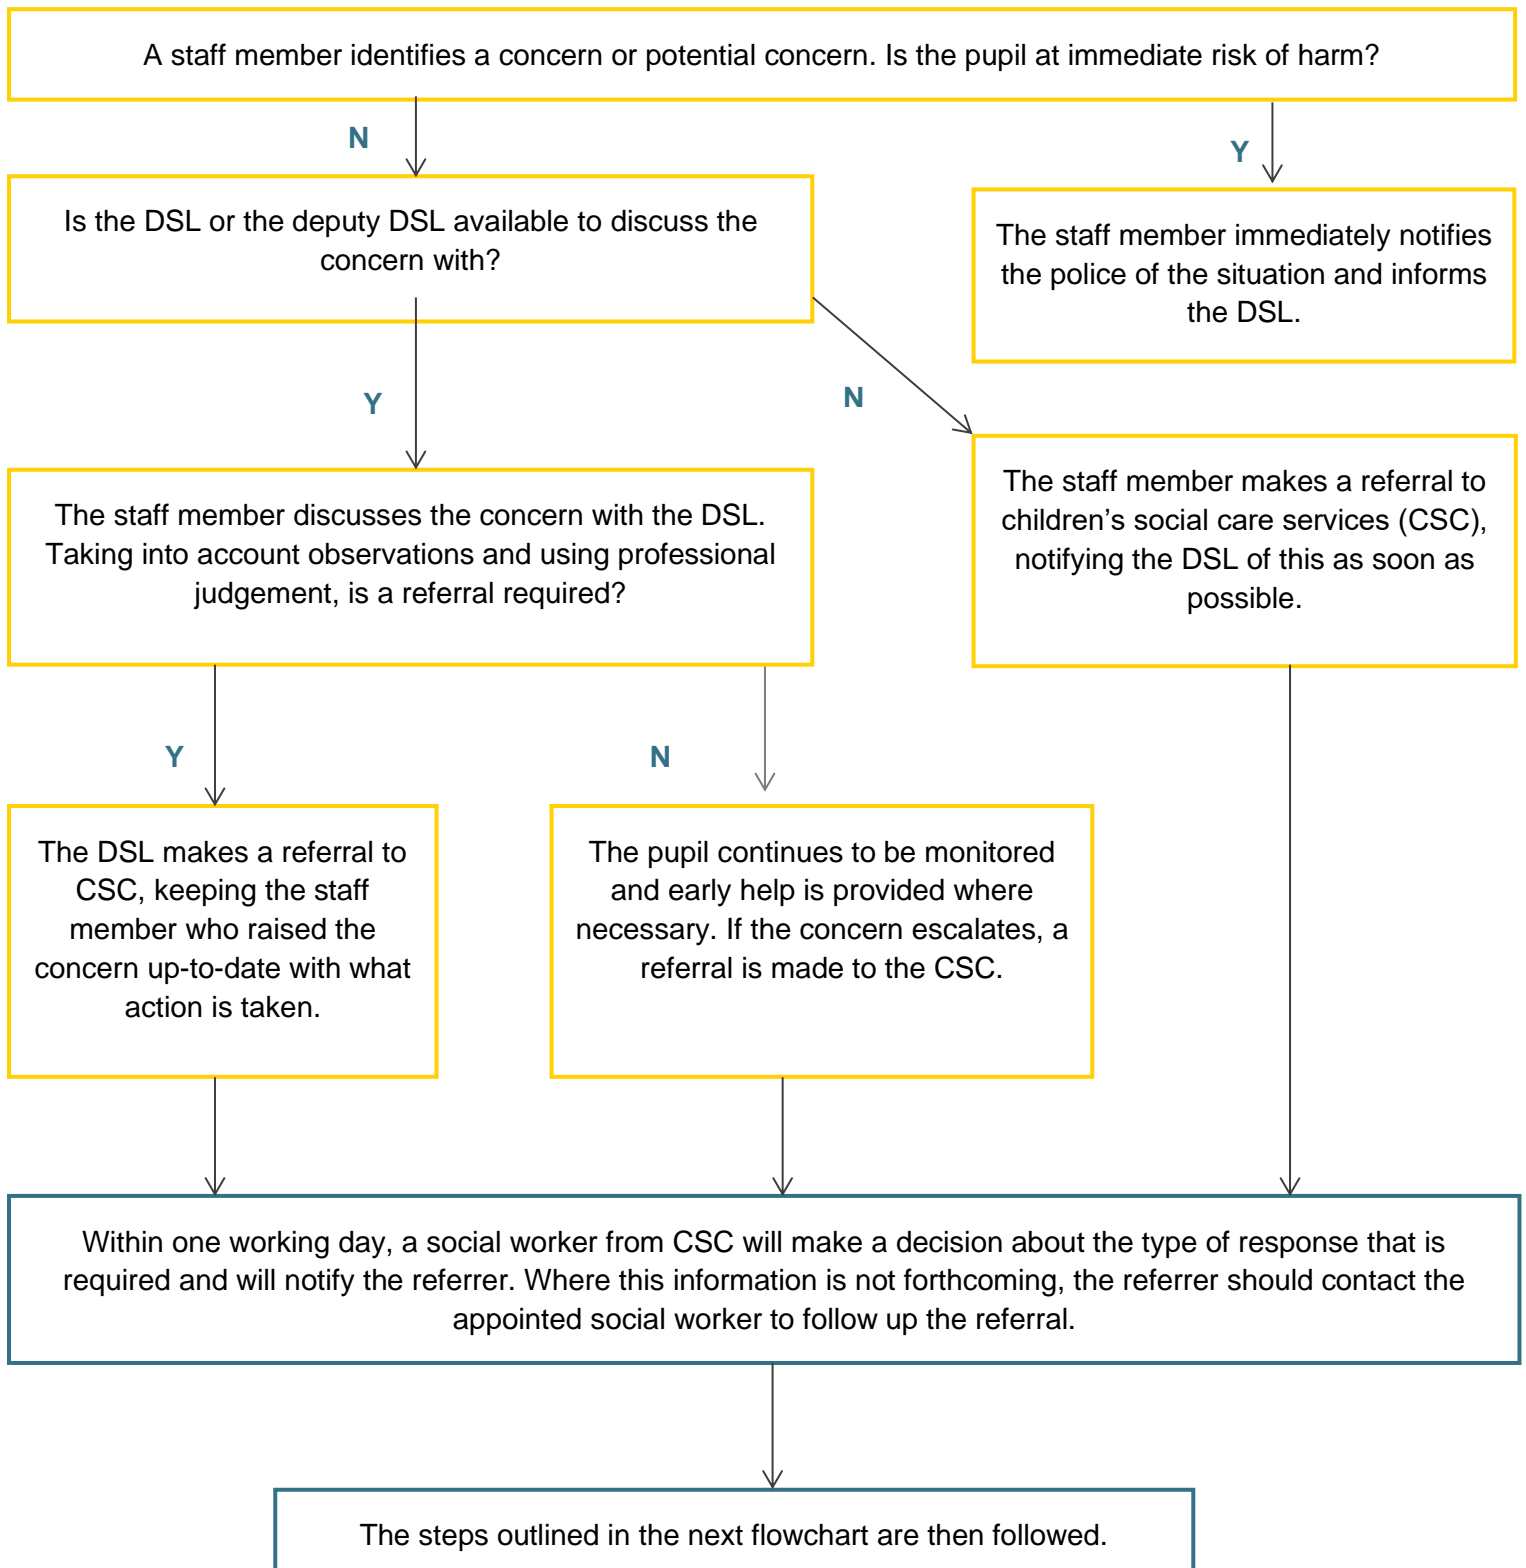

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates that he or she may pose a risk of harm to children
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

Safeguarding Reporting Process

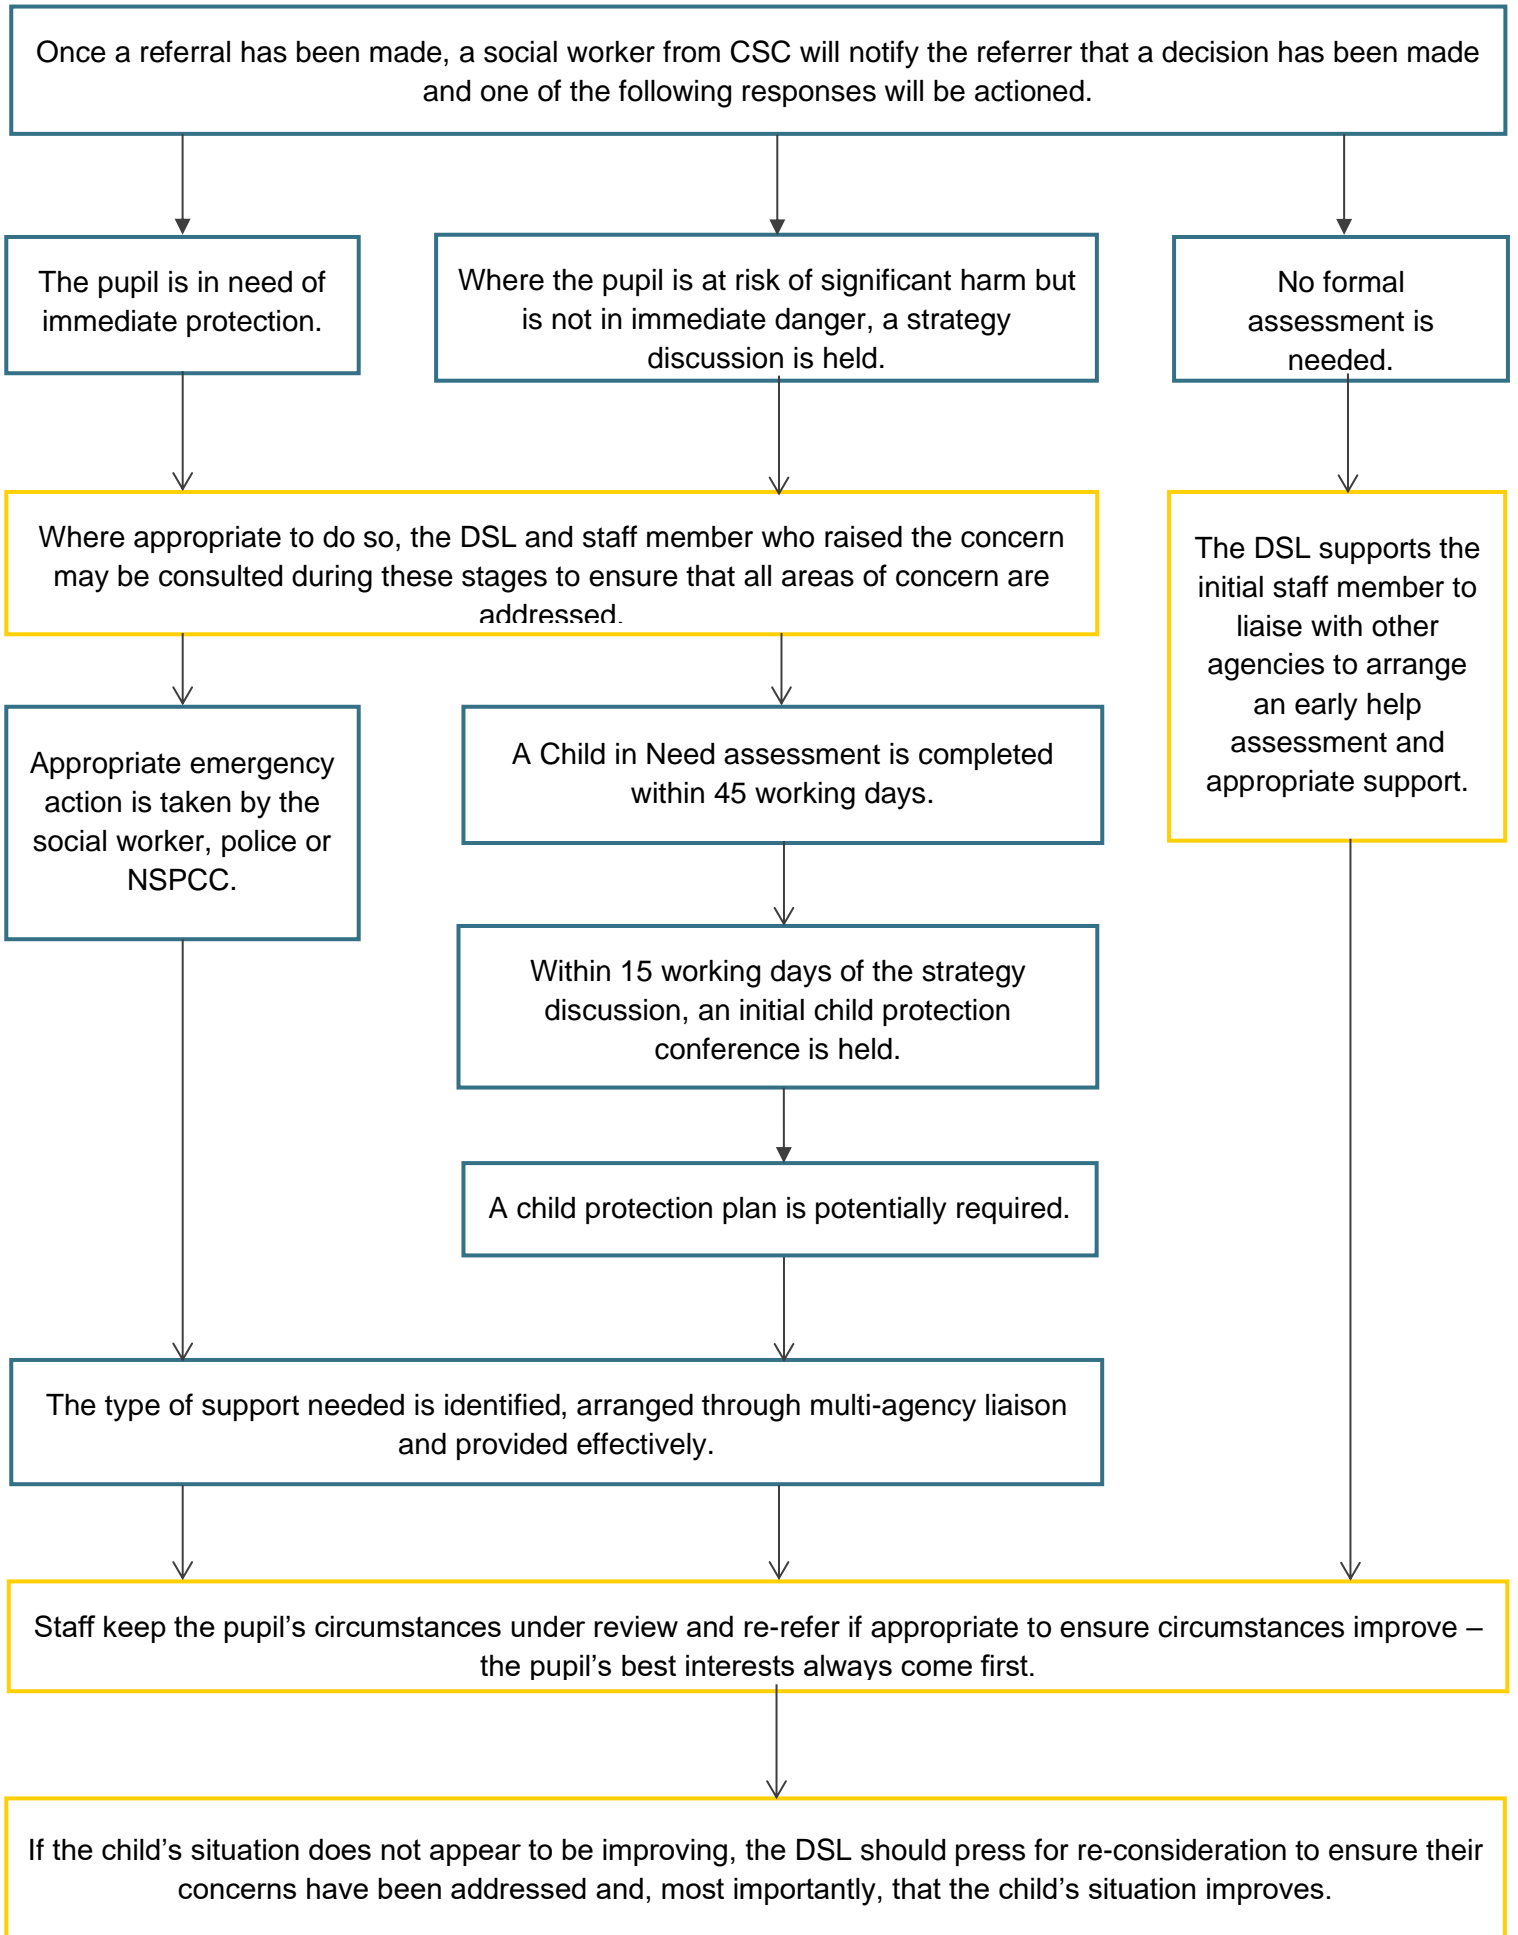

The process outlined within the first section should be followed where a staff member has a safeguarding concern about a child. Where a referral has been made, the process outlined in the 'After a referral is made' section should be followed.

The actions taken by the school are outlined in yellow, whereas actions taken by another agency are outlined in blue.
